Additional Info

This carbon-PEEK, Endure™ brand union allows you to connect, a low pressure flow of liquid within low pressure, 1/16th inch OD tubing.

- Maximum Temperature: 100°C
- Maximum Pressure: 1,000 psig.
- Click [HERE](#) for economical pack of 10.

This PEEK straight line connector is produced to connect with low pressure tubing and has two European M6 threaded female fittings. The flat areas on the union can be used with a wrench to hold the union in place while the nuts are being tightened or loosened.

NOTE: Two M6 threaded, male nuts plus two matching, flangeless ferrules are required to connect tubing with this union. Nuts and ferrules are sold separately.
