

Catalog Number

95296-MARK-F5

Marker, Laboratory, permanent. Ultra-Fine tip, 0.45mm. Black Ink. 1 EA.

Additional Info

These specially made markers are perfect for making permanent, Ultra-Fine line details in micro-spaces or on unusual/challenging surfaces. Excellent for labelling vials, U-2D MicroSample Management Systems and other laboratory devices.

These "pens" can be used to make precise, long-lasting marks wherever there is a need for waterproof ink that will write on non-porous surfaces.

Laboratory Markers features:

- A fine line nib with a protected tip that will not split.
- Chemically stable and waterproof alcohol-based ink.
- Low odor and fulfills non-toxicity requirements.
- Permanent on most surfaces.
- Alcohol based cleaners can remove ink from non-porous surfaces.
