

Catalog Number

47450-03

Union, Column Coupler, universal fit 0.25mm through Hole 0.010 inch ID tubing. Color coded blue. PEEK. ARE-Applied Research brand. 1 EA.

Additional Info

This convenient column connector is used to join two HPLC columns or a guard column and an analytical column in series.

Sleeve is color coded blue to identify the tubing internal diameter and is made from polypropylene.

Tubing is all PEEK material and is made from Ultra-T tubing for precise concentricity and better performance.
